

Paul Breakthrough

SOFTWARE ENGINEER · WEB DEVELOPER · DIGITAL SOLUTIONS

paulbreakthrough@gmail.com | linkedin.com/in/paul-breakthrough-0b92319a | paulbreakthrough.com

PROFILE

Software engineer and web developer working across WordPress websites, .NET web applications, business systems, CRM integrations, APIs and digital platforms. Comfortable between business requirements, user interfaces, application logic, databases, APIs, integrations, deployment and troubleshooting — with a background that includes technical leadership and training more than 300 developers.

CORE SKILLS

Software Engineering	Web Application Development	WordPress Development	CRM Integration	API Development
Database Development	Website Development	Payment Integrations	Testing & Troubleshooting	Legacy Modernisation
Technical Instruction				

PROFESSIONAL EXPERIENCE

Software Engineer SEP 2020 – PRESENT

Senior Internet Limited

Web-based software and membership platforms on .NET Core, Umbraco and RiverCMS. Microsoft Dynamics CRM integrations and CRM connections to OOMI, CIVI, MemberBase and Eudonet. Web APIs, third-party and payment gateway integrations (Worldpay, Sagepay, GoCardless), SQL Server, testing, legacy modernisation, Azure DevOps and production support for business-critical applications.

Software Engineer & Technical Lead JUN 2020 – AUG 2020

SDSD

Maritime software built around .NET technologies — vessel tracking, crew management and fleet operations — with software testing, third-party integrations, technical leadership and training coordination.

Lead Software Developer & Technical Instructor MAR 2017 – MAY 2020

Aptech Computer Education

Enterprise application development, CMS work, Web APIs and full-stack development with SQL Server and Entity Framework. Coding standards, software testing and technical instruction — trained more than 300 developers.

SELECTED PROJECTS

Websites and platforms built for real organisations, including CARE Nigeria, Jeks Analytics, the African Parliamentary Resource Centre, Hussaini Abdu, DMayor Suites, Cross & Dips Media, Action for the Vulnerable, and corporate sites across engineering, procurement and oil & gas. Full portfolio at paulbreakthrough.com.
